

FIRE TANKS

heritage water
tanks

We are specialists in Fire Water Storage

Accepted in Australia and internationally for the storage of water for fire fighting in a wide range of projects.

Quality Safety and Reliability

- At Heritage Water Tanks, our health, safety, environment and community responsibilities are integrated in everything we do.
- Specialised Jacking Systems minimise the need to work at height.
- Heritage Water Tanks are compliant with all Australian Standards, including Access Hatch's and Liners.
- All fittings and fixtures are high quality.
- Tank walls are profile rolled with min. 1mm BlueScope Steel.
