

Fact Sheet

23 April, 2018

Material Properties Comparison

- Fact ► 1. Heritage Water Tanks only supplies quality water tanks and we have the heaviest liner, thickest walls and the biggest truss system compared to our major competitors in the Australian tank market.
- Fact ► 2. We are an Australian owned and operated family business that has been manufacturing and installing water tanks for over 15 years.
- Fact ► 3. Heritage Tanks use materials that are up to 20% heavier than our major competitors in the Australian tank market.
- Fact ► 4. We offer the only true rainwater collecting Gutter System, collecting rainfall that lands on the tanks roof.

Water Tank Liner Comparison

Puncture Resistance Independent Tested	Heritage Tank Arma Liner	Pioneer Tank Aqualiner	Rhino Tank Infinity Liner	
	Mean Result	1025N	761N	
Seam SHEAR (Weld) Strength Independent Tested	Heritage Tanks Arma Liner	Pioneer Tank Aqualiner	Rhino Tank Infinity Liner	
	Mean Result	57N	36N/MM	
Weight per m ²	Heritage Tanks Arma Liner	Pioneer Tank Aqualiner	Rhino Tank Infinity Liner	
	Weight per M ²	700g/M ²	400g/M ²	

Water Tank Wall Comparison

Tank Wall Thickness (mm)	Tank Wall Thickness (mm)		
	Heritage	Pioneer	Rhino
Up to 55,000l	1.0	0.8	0.6
55,000L to 110,000L	1.0	0.8	0.6
130,000L to 250,000L	1.0	0.8 <small>TOP PANEL ONLY</small>	0.6

Water Tank Roof Truss Comparison

Tank Trusses (mm)	Tank Trusses (mm)		
	Heritage	Pioneer	Rhino
Up to 55,000l	50 x 50	30 x 30	50 x 50
55,000L to 110,000L	50 x 50	40 x 40	50 x 50
130,000L to 250,000L	50 x 50	40 x 40	50 x 50

NB: Pioneer Water Tanks have a wall thickness in bottom panels of 1mm in sizes over 130,000L and 1.2mm in bottom panels in tanks from 200,000L to 250,000L

Questions you should ask about quality

QUESTIONS FOR COMPARISON	Heritage
Are you Australian owned and operated?	✓
Are your liners 700grams per square meter?	✓
Is your liner resistant to shrinkage?	✓
Are you using 1mm BlueScope Steel?	✓
Do you use 50x50mm trusses?	✓
Are you using high tensile bolts?	✓
Are your Tek screws Class 4?	✓
Do you use metal outlets and valves?	✓
